In response to the Notice of Non-Compliant Amendment mailed May 1, 2008, the following corrections were made to the claims. Claim 16 has now been provided with the proper status identifier. Also, for claim 16, the comma which had been inadvertently and informally deleted after the word "substrates" has now been restored. In claims 15 and 16, a double bracket replaces the strikethrough of the word "a."

In regard to Examiner's comments regarding claim 10, Applicants think that the previous claim wording was clear and was commensurate with Applicants' invention. Nevertheless, Applicants have moved the phrase "inside the cavity" from the second line to the first line of the fourth paragraph of claim 10 to respond to the Examiner's comments.

In claim 20, a comma has been added as suggested by the Examiner.
